Sears

New radial from Sears ... the

all-season, all-weather **WEATHERHANDLER**

On snow — great starting and stopping power with traction slots, hundreds of gripping edges and ice-traction compound.

In the rain — center drainage grooves and plenty of deep tread siping channel water for good grip on wet roads.

On dry roads — computer-designed tread runs quietly. Two steel belts for quick handling.

You can't change your tires every time the weather changes. But you can drive a lot more relaxed when your tires can handle what the weather changes to. WeatherHandler; only at Sears. Experience it soon.

It's built like circular saws used to be.

No skimping. No short cuts at the saw's expense. The way it used to be, when what mattered most was how good you could make it.

The Rockwell 4577 7 1/4" Circular Saw. A 2-hp, 10-amp, home-use saw with the guts to have a commercial-duty rating.

Ball instead of sleeve bearings. Helical instead of spur gears, made of hardened steel instead of powdered metal. And a lead-pull instead of tang-wound armature, with welded instead of soldered connections.

Now, if what all that means is a mystery to you, it's understandable. But put it all together and what it gets you is plain as day.

A saw with longer bearing life.

Longer brush life. Stronger, longer lasting gear teeth. Virtually unbreakable armature connections. And higher sustained torque, smoother power transmission, quieter running.

What's even more impressive, if that's possible, is what you can see yourself.

The aluminum baseplate, upper and lower bladeguards, and gear housing. Not to mention features like a 1/4" pretravel safety switch and the same sawdust-ejection chute on our best builder's saw.

All of which make it one heck of a value. The same kind of value we build into all our circular saws, from the least expensive on up.

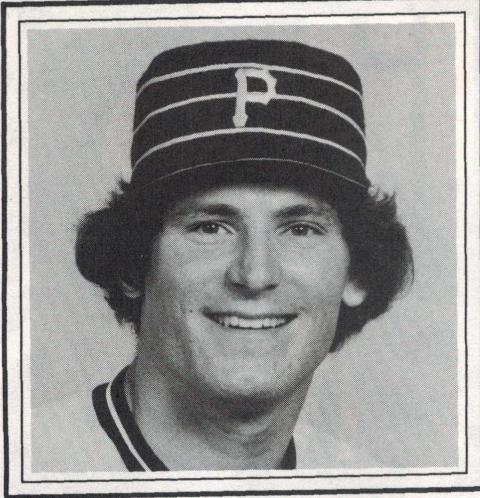

Would you want it any other way?

EVERYBODY NEEDS A GAME PLAN

How are you going to swing it all? College expenses. Mortgage payments. Life insurance. Taxes. Retirement. The list of financial obligations grows more complex by the day. That's why the sooner you can establish priorities and set goals, the more likely you are to succeed.

And that's where we can help. As your State Mutual representative, we'll sit down with you and discuss facts and feelings to help you determine exactly where you'd like to be financially in the years ahead. With the

aid of our Quick Access computer support system, we can then provide an objective analysis of your needs and a comprehensive plan that offers sound alternatives for meeting them. You'll know right off the bat exactly where you stand, where you need to plan, and what the most affordable solutions are for your family situation.

Call or write us today for a free copy of *Financial Planning in a Complex World*.

Variable annuities are issued by State Mutual's subsidiary, American Variable Annuity Life Assurance Company, through Registered Representatives of an affiliate, SMA Equities, Inc. Mutual funds are offered through SMA Equities, Inc.

The tastiest, juiciest flavor this side of Home Plate!

featured at Three Rivers Stadium

The Wieners, Top Dogs and Top Bucs (Kielbasa) that taste so great at Three Rivers Stadium are Kahn's . . . The Official Hot Dog of the Pittsburgh Pirates.

They're extra tasty because the ingredients are tender cuts of lean beef and juicy pork, with absolutely no fillers, no artificial coloring. Pick up some at your favorite food store and enjoy them at home as well.
